

**BevCam Executive Director's Report
For the Month of November 2016**

PRODUCTION AND OUTREACH

The Beverly High School media students, under the direction of Mrs. Jo Lloyd, are continuing to produce award-winning program content, whether it's PSA's, video shorts or studio series half-hour shows. Media students recently won 3 first place awards from the Alliance for Community Media North East.

Will Peterson and Danielle Lovasco perform a duet for an upcoming program

Roberta Chadis hosted a very special guest on her "Dog Health News" show on November 23. Justice, the dog, a 12 year old boxer, visited the show with his owner. Justice has lost use of his hind legs but is still able to get around with the use of a specially made wheeled cart that straps to his body.

"Justice" the dog joins owner Paul Konowicz on the set with Roberta Chadis

An aerial view of the new middle school construction site from our overhead drone

BevCam's interview series with Mayor Cahill, "City Scene", went on location to the new middle school building site on Cabot Street. The taping featured overhead views with our new drone, piloted by Zac Currier.

On Sunday, November 27, BevCam set up its cameras and broadcast equipment in front of City Hall to air the annual Holiday Parade “live”. We also sent out a live stream which was viewable on our website; and we got a “view” from Barcelona, Spain.

A band of “Santa Clauses” entertains the crowd during the Holiday Parade.
