

**BevCam Executive Director's Report
For the Month of May 2016**

PRODUCTION AND OUTREACH

Ricard Mullen on the set with Solar Design specialist Bob Morton.

On May 4, new producer Richard Mullen taped the first show in a new series called “Go Green”. This series will be devoted to discussing issues related to conservation, reducing our carbon footprint and renewable energy.

BevCam is a member of the Beverly Community Council and regularly attends their monthly meetings. The BCC is mostly composed of non-profit organizations and is a fertile ground for BevCam outreach.

The May BCC meeting was held at the Beverly Children's Learning Center

Walt Kosmowski congratulates “Kiwanis Conversations” host John Maihos on his 100th show

On May 19, the “Kiwanis Conversations” show, with host John Maihos, achieved a significant milestone, by taping the 100th show in this long-running series. The program, which features interviews with community groups and non-profits, has been airing continuously since 2005.

The annual “Mock Car Crash” simulation was conducted for Seniors in May, prior to the start of prom season and graduation parties. A group of media students taped the event for airing on Channel 22.

Seniors watch attentively as the Mock Car Crash unfolds in front of the school

New producer Tony Ziegler taped the first show in a new series called “The Tony Ziegler Show”, which features an eclectic mixture of music, art and interviews with interesting guests.

Kim Allyn gives last minute instructions to Tony Ziegler and his guests

For the month of May, Bev Cam hosted two interns, Daniel Lee and Vivian Hudgins, during Beverly High School’s “Reach” Senior Internship Program. The two students put in regular days at the studio and completed several projects.

Walt Kosmowski interviews Garrett Williams via Skype

On May 17, Walt's North Shore Journal show conducted an interview with BHS graduate Garrett Williams. BevCam utilized its new Skype input capability to bring Garrett into the studio from Hollywood, CA where he lives and works.

BevCam continues to cover the School Building Committee meetings at the request of the City. The sessions are held in the High School Library and broadcast on Channels 22 and 99.
