

**BevCam Executive Director's Report  
For the Month of July 2017**

**PRODUCTION AND OUTREACH**

The US Coast Guard provided an escort for the Veterans fishing trip

On July 11, BevCam accompanied a large group of US service veterans on a fishing trip out of Plum Island. The event, which also included a wreath-tossing ceremony, was sponsored by the 101<sup>st</sup> Airborne Division Association, Mass Special Events Group. Kudos to Dick Kelley and Dick George for another successful outing.

The BevCam studio is used very frequently as a venue for local producers and bands to tape shows. Because of our recent improvements in sound recording, the bands can fine tune their audio to get just the sound they're looking for.

Sandra Lawson and Dr. Catherine Brown have a "tick talk"

On July 20, Sandra Lawson took her "Get Your Garden Growing" show on location. The setting was her own home garden, her guest was Dr. Catherine Brown of the Massachusetts Department of Public Health, and the topic was all about ticks.

Bulletin: It was just announced that Sandra has been honored with the Ginny Currier Community Spirit Award for volunteerism.

At the 2017 ACM Annual Conference's Hometown Media Awards Celebration on July 13 in Minneapolis, former Beverly High School media student Daniel Lee won 3-first place awards for PSA promo's and animation. These were projects he worked on while interning with BevCam.

ED Walt Kosmowski congratulates Daniel Lee on his ACM awards

Reporters and camera crew from NBC Boston visited the BevCam studio in July to tape a segment for their channel on Bridgewell, one of our producers, featuring behind the scenes footage and interviews on the making of their show "Amazingly Autistic".

NBC Boston reporter Kristy Lee interviews the mother of a Bridgewell TV crew participant

Robert Dokes and Chuck Kiwacz, our regular hosts of "Get Your Geek On", added a novel technical twist by interviewing an out of state guest and broadcasting the show live on "Facebook".
